Once you have completed selecting your Options, the list on the right hand side should have 4 subjects, with your reserve Visual Art choice underneath. You can drag these into a different order if you are concerned about preference, but the school will always try to give students all of their first choice subjects.

Once complete, click the save button at the top left of the screen. This will now be visible to the school, who will send a letter home confirming the Options selected and requesting Parental confirmation.
