

### School overview 2023 - 2024

Metric	Data
School name	Icknield High School
Number of pupils in school	1463
Proportion (%) of pupil premium eligible pupils	413 PP (28%); 345 FSM (24%)
Academic year or years covered by statement	2023- 2024, 2024 - 2025 & 2025 - 2026
Publish date	November 2023
Review date	September 2024
Statement authorised by	Kamran Ahmed (Deputy Headteacher)
Pupil premium lead	Uzma Qayyum (Assistant Headteacher)
Pupil Premium Governor lead	Jon Perry

### Funding overview 2023 - 2024

Detail	Amount
Pupil premium funding allocation this academic year	£383,985
Recovery premium funding allocation this academic year	£107,073
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year	£491,058

## Part A: Pupil Premium strategy plan

### Statement of intent

The school's mantra of 'raising the achievement of all' has at its heart our disadvantaged students. We believe that every student, regardless of their background, should be afforded the same opportunities to be successful. Simply put, nothing should hold a child back from pursuing their talents and passions.

At Icknield High School we ensure that the grant money we receive for our Pupil Premium students is used strategically to support their learning and development, rather than spent on a series of ad hoc or bolt-on measures.

The allocation is spent using a three-tier approach focused around quality first teaching, targeted intervention and behaviour and welfare as guided by the Education Endowment Fund.

We believe that because of the strategic use of the Pupil Premium grant money:

- Teachers are significantly more aware of Pupil Premium students in their teaching groups and the strategies they can use to support them.
- At GCSE level, Pupil Premium students make progress in line with national average for all students.
- Outcomes at GCSE level are particularly strong in mathematics.
- The gaps between disadvantaged students and their non-disadvantaged peers at Key Stage 3 continue to diminish.
- Disadvantaged students are more engaged in their learning and have higher aspirations for themselves through opportunities offered through our well sequenced careers programme.
- Attendance is prioritised for disadvantaged students and is in line or above national average.

### Challenges 2023-2024

Challenge number	Detail of challenge
1.	Students on entry that are below national expectations at KS2 (particularly grammar, punctuation and spelling based on the key stage 2 results) are prioritised to catch up to National standards.
2.	Pupil Premium attendance to be in line with pre-pandemic standards of 95%.
3.	Engagement with tutoring programmes e.g. STEM tutoring and NTP to improve GCSE outcomes.
4.	Parental engagement and attendance at key events e.g. parents' evenings.
5.	Increasing EBacc take up for students who have a significantly weaker entry profile.

### Intended outcomes 2023-2024

Intended outcome	Success criteria	Target date
<b>Progress 8</b>	Achieve a positive progress 8 score.	September 2024
<b>Attainment 8</b>	Achieve an attainment 8 score in line with national average.	September 2024
<b>% Grade 5+ in English and maths</b>	Continue to exceed FFT 20 targets, ensuring gaps from primary school do not increase.	Ongoing
<b>Other</b>	Ensure all year 11 PP students have access to an electronic device and revision guides/workbooks for all subjects.	September 2024
<b>Ebacc entry</b>	Ensure the number of PP students following the EBacc is in line with national average (40%).	September 2024

### Teaching priorities for 2023 - 2024

Measure	Activity	Challenge number
Priority 1	Implementation of a knowledge-rich curriculum with a focus on embedding strategies shown to best support disadvantaged students, including: <ol style="list-style-type: none"> <li>1. Expert instruction</li> <li>2. High level of challenge</li> <li>3. Regular retrieval practice</li> <li>4. Excellent modelling</li> </ol> <i>Understanding How We Learn</i> (Weinstein et al., 2018)	1, 3, 5
Priority 2	Raising the profile of Pupil Premium across the school through appropriate staff training and embedding of the PP TLR roles in English, Maths and Science.	1, 2, 5
Projected spending	£220,000	

### Targeted academic support for 2023 - 2024

Measure	Activity	Challenge number
Priority 1	Embedding reading interventions for current year 7, 8, 9 and 10 students who have low rates of literacy.	1, 5
Priority 2	Small group interventions for underachieving PP students at key stage 4 through use of NTP, particularly focusing on Maths, English and Science.	3, 4
Projected spending	£107,000	

### Wider strategies for 2023 - 2024

Measure	Activity	Challenge number
Priority 1	Ensure timely interventions are in place to support students when PP attendance falls below national average.	2
Priority 2	Ensure year 11 students have access to free revision material so financial constraints do not hinder their learning.	4
Projected spending	£160,000***	

## Monitoring and implementation 2023-2024

### \*Teaching and Learning 2023 - 2024

Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
Timetables restructured (where possible) to ensure all key stage 4 disadvantaged students are in optimal grouping and have access to quality first teaching.	The EEF 'Guide to Pupil Premium', 2019 also recognises 'quality first teaching' and direct intervention at classroom levels as the most important lever schools have for improving outcomes for disadvantaged students'. Research shows that Pupil Premium students makes 1.5 years' worth of progress with a highly effective teacher as opposed to 0.5 years with a poor teacher.	Staff and student feedback, exam outcomes.	KAD, UQM	Yearly
Continued implementation of knowledge-rich curriculum. Whole staff inset training to continue to focus on the 'Provision for All' document with direct	The school has implemented a knowledge-rich curriculum suited to our context. This curriculum model is also supported by the EEF ('What do we mean by knowledge rich', 2019), the School's Standards minister Nick Gibb ('The Importance of knowledge-based	Curriculum maps make explicit the substantive and disciplinary/procedural knowledge to be delivered each year. The curriculum maps also ensure that key topics and concepts are well sequenced so that component knowledge can be revisited to support new learning so that students can make explicit connections	SLT, middle leaders	On-going

instruction and modelling at the heart. Focus on knowledge-rich to be further embedded as part of the staff CPD throughout the year.	education', 2017) and a number of academics including Mary Myatt, David Didau and Christine Council etc.	between what has been learnt and what is to come next.		
Continuation of TLR posts for Pupil Premium coordinators in Maths, English and Science. These posts will primarily focus on implementing research based teaching and learning initiatives along with targeted intervention to help close knowledge gaps.	The EEF 'Guide to Pupil Premium'. 2019 and Ofsted's 'Report on Pupil Premium Funding', 2011) recognise that spending the grant money on staff retention and quality teachers is highly effective.	Staff and student questionnaires to be used by co-ordinators, and strategies adapted as and when necessary. Assessment outcomes.	UQM, ASN, GCE, ACR	On-going

Purchasing of research based literature for curriculum/ subject leaders to improve their pedagogical knowledge of new curriculum model. Subject knowledge to also be a standing CPD calendared item.	The Teacher Development Trust (with who the school is affiliated) recognise engaging with research literature to be a key part of school's development. The importance of staff CPD and high quality resources is recognised world-wide as vital for teacher progression.	CPD sessions given over to curriculum/subject leaders to discuss their findings from their reading of research based literature and focus on subject enhancement. Minutes taken by senior and middle leaders to reflect continuous discussions on Pupil Premium and the importance of improving staff subject knowledge.	SFR/RPK	CPD programme
Target setting for underperforming Pupil Premium students across all subjects and year groups.	The EEF 'Guide to Pupil Premium', 2019 also recognises 'quality first teaching' and direct intervention at classroom levels as the most important lever schools have for improving outcomes for disadvantaged students'. Research shows that Pupil Premium students makes 1.5 years' worth of progress with a highly effective teacher as opposed to 0.5 years with a poor teacher.	Records of target spreadsheet completed with bespoke support.	Middle leaders	Termly

Continued use of EduLink seating software to allow staff to strategically place Pupil Premium students in optimum places in the classroom.	Research suggests (Didau, Seating plans, 2018; Hammnag, Effective Seating Arrangements, 2012) that regularly reviewing seating plans has a positive effect on low prior attainers without impacting high prior attainers. It also allows students to more confidently commit information to their long-term memories.	Checking the creation of seating plans on the software and during lesson observations.	DCA	Half-termly
Regular and consistent setting of homework through Show My Homework with a focus on interleaving and spaced learning to support metacognition.	Studies show (UCL, 'Is Homework Worth the Hassle', 2016) that homework is vital for students to consolidate the work they have undertaken in-class. Investment in platforms such as Educake, Mathswatch, Quizlet etc. has been hugely successful, and introduction of more platforms is something we are keen to continue to investigate. This has clear links to one of the EEF Toolkit's highest rated strategies- self-regulation.	Weekly tracking of homework. Pastoral leaders to support curriculum areas with regular homework offenders; letters to be sent home and parental meetings with repeat offenders to take place with AHT.	RLF	Half-termly

Revisiting individual subject marking policies with greater autonomy given to curriculum/subject leaders in order to cut down on unnecessary work and give staff more time to prepare quality lessons.	The DfE's report 'Reducing teacher workload', 2018, advocates cutting back burdensome marking to allow teachers to plan better sequenced and thoughtful lessons. This is supported by their 'Workload Reduction Toolkit, 2019' and 'Reducing workload in your school', 2019.	Work scrutiny, staff and student questionnaires will inform yearly reviews department marking policies.	RPK	Half termly
Blogs on PP research to be collated and sent to staff for discussion in CL meetings.	The Teacher Development Trust (with who the school is affiliated) recognise engaging with research literature to be a key part of school's development.	Minutes taken by senior and middle leaders to reflect continuous discussions on Pupil Premium and the importance of improving staff subject knowledge.	RPK/SFR/ UQM	Termly
Embedded use of purchased visualisers to allow for high quality teacher modelling in all classrooms across the school.	The EEF 'Guide to Pupil Premium', 2019 recognises 'quality first teaching' and modelling at classroom level as the most important lever schools have for improving outcomes for disadvantaged students'. Research shows that Pupil Premium students	Checking for evidence of modelling during lesson observations, learning walks and work scrutinies.	SFR	Termly

	<p>makes 1.5 years' worth of progress with a highly effective teacher as opposed to 0.5 years with a poor teacher.</p>			
--	--	--	--	--

**\*\* Targeted support 2023-2024**

Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
Maths, English and Science teachers appointed as departmental Pupil Premium leads to undertake strategic interventions and raise the profile of Pupil Premium within the departments.	The EEF 'Guide to Pupil Premium', 2019 recognises small group and one-to-one tuition as effective for those who are underachieving.	Staff and student questionnaires to be used by co-ordinators, and strategies adapted as and when necessary.	UQM	Review after each data point.
Targeted intervention programme for underachieving Pupil Premium students. This will be a mixture of in-house specialist teaching before and after school hours, along with tutoring through Stem tutoring and, My tutor and 'Impress the examiner.'	Intensive tuition in small groups is often provided to support lower attaining learners. Some studies (including the EEF's 'Guide to Pupil Premium, 2019) suggests that greater feedback from the teacher generates more sustained engagement.	Parent information event in run up to programme, student questionnaires, exam outcomes, text message reminders home.	UQM, RLF, JNE, KAD	Review after each data point.

One-to-one tuition in place for Looked After Children.	The EEF 'Guide to Pupil Premium', 2019 recognises small group and one-to-one tuition as effective for those who are underachieving.	Looked After Children to have individual achievement plans including one-to-one mentoring in Maths and English.	GFS, SISPO	Weekly
One-to-one careers meetings and post -16 provision to be in place for all Pupil Premium students, with a focus on interviewing and supporting high prior attaining boys first.	The DfE recognises careers education (CIAEG) as vital to student aims and aspirations in their 2016 report 'A strategy for Careers Education'. Personalised advice is also vital for Pupil Premium students who often have not thought about their futures and lack aspiration.	All Pupil Premium students to have one-to-one careers interviews, destinations information.	KAD, JLM	Half-termly
Accelerated Reader and Bedrock vocabulary programmes to help close the literacy gap between Pupil Premium and non-pupil premium students at KS3.	The Literacy Trust says improving literacy is the most important strategy for improving outcomes across all subject areas. Pupil Premium student join the school with significantly lower reading ages than their non-Pupil Premium peers, so it is vital that we try to close these gaps at KS3 and KS4.	Parent literacy sessions and information events, accelerated reader classes booked weekly for all year 7.  We use the NGRT and Key Stage 2 data to identify students who have performed below the expected standard and provide targeted intervention such as Bedrock, Lexia	RLF, SDN, GFY	Termly

		and phonics, small group, guided reading and Extra English lessons. Teachers of students below expectation are made aware of their level of reading and provided strategies to support reading in lessons through SIMs.		
Peer reading mentoring to run with able KS4 students supporting struggling KS3 readers.	Peer mentoring is one of the EEF's Toolkit's top ranked intervention strategies for disadvantaged students.	Gaps to close across year 7 and year 8.	RLF, SDN, GFY	Termly
Additional curriculum time to be allocated for underachieving KS4 students in English and maths to make up gaps in learning with specialist tutors.	The EEF 'Guide to Pupil Premium', 2019 recognises small group and one-to-one tuition as effective for those who are underachieving.	Maths and English to continue to have positive progress 8 scores.	UQM, JNE, RLF, KAD	Termly

Revision guide packs to be created and given to all PP students in year 11 with guidance given on how to revise effectively.	The EEF report of the potential impact of Covid-19 recognises that 'effective remote learning will limit the extent to which the gap widens', this is problematic as The Sutton Trust's recent Covid-19 parent survey found that '34% of disadvantaged parents said their child does not have access to a computer.'	Exam outcomes, student questionnaires.	UQM	November 2023
Revision strategies and small group and 1:1 mentoring sessions to be led by Gila Learning before and after each assessment point.	The EEF 'Guide to Pupil Premium', 2019 recognises small group and one-to-one tuition as effective for those who are underachieving.	Exam outcomes, student questionnaires.	UQM	After each assessment point.
Meet with year 9 disadvantaged students prior to picking options and encourage them to follow an ambitious curriculum, including the Ebacc.	The EEF 'Guide to Pupil Premium', 2019 recognise raising aspirations as an important strategy for narrowing the attainment gap.	Rising numbers of PP students choosing the Ebacc, exam outcomes.	UQM, KAD, MBS, JLM, BSR	April 2024

\*\*\*Wider approaches 2023 - 2024

Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
Attendance 'nudge cards' to be sent home when Pupil Premium students fall below national average (95%).	The NfER briefing for school leaders, 2015, identified attendance as the key to closing gaps between Pupil Premium and non-Pupil Premium students.	Attendance tracking, review of attendance after nudge cards sent.	GFS, ABY, pastoral leaders, UQM	Fortnightly
One-to-one meetings with disadvantaged students who are persistent non-attenders (90%).	The EEF 'Guide to Pupil Premium'. 2019 and Ofsted's 'Report on Pupil Premium Funding', 2018) recognise Pupil Premium students are more likely to be persistent non-attenders due to SEMW issues.	Attendance tracking, review of attendance after meetings and follow up.	GFS, ABY, pastoral leaders	Fortnightly
Parent reminders to be sent before parents' evenings/events.	See above.	Attendance tracking, review of attendance at Parents' Evenings, parent questionnaires.	UQM, pastoral leaders	Prior to each parent evening.
LAC officer to monitor attendance for LAC students and meet	See above.	Attendance tracking, review of attendance, meetings with carers.	GFS, SISPO team,	Half-termly

carers/guardians on a half-termly basis.			UQM, ABY	
SENDCo to support monitoring of attendance for SEND students, and report concerns to the attendance officer and pastoral leaders.	See above.	Attendance tracking, review of attendance, meetings with parents.	Pastoral leaders, BJS, ABY	Half-termly
Monitoring of statistics for Pupil Premium students who are repeat behavioural offenders (1s and isolation), and consideration of different inclusion strategies.	As well as being likely to have poorer attendance, the EEF 'Guide to Pupil Premium'. 2019 and Ofsted's 'Report on Pupil Premium Funding', 2011) recognises Pupil Premium students are more likely to present with behavioural issues.	Behaviour tracking, review of data and trends, consideration of alternative strategies for repeat offenders to keep them in school and learning (e.g. My Tutor).	GFS/DCA	Half-termly
Arrangements in place with Luton Food Bank, Luton Youthscape and The Shared Learning Trust so out of school	The Trussell Trust's 2020 report reports a 61% increase in reliance on food banks during the pandemic, with families being hit the hardest. This is compounded	Parental awareness of local support networks available to them.	UQM	Termly

support and resources are available to the most disadvantaged. Letters sent home so all parents are aware of community support links.	by the loss of income and jobs for Luton Airport.			
---	---	--	--	--

## Part B: Review of Outcomes

### Disadvantaged pupil performance over for last 3 years

	2021/2022	2022/2023	2023/2024
<b>Progress 8</b>	No formal examinations	+0.47	-0.03
<b>Attainment 8</b>	No formal examinations	4.7	3.9
<b>% Grade 5+ in English and maths</b>	44%	46%	44%
<b>Ebacc entry</b>	35%	43%	33%

### Review of outcomes for 2022 – 2023 page 4

Aim	Target	Outcome
<b>Progress 8</b>	Achieve a positive progress 8 score across all buckets	-0.03 (-0.41 for all PP students nationally)
<b>Attainment 8</b>	Achieve national average for attainment.	3.9 (3.8 for all PP students nationally)
<b>% Grade 5+ in English and maths</b>	Continue to outperform national outcomes.	38% (national 29%)
<b>% Grade 4+ in English and maths</b>	Continue to outperform national outcomes.	61% (national 49%)
<b>Other</b>	Attendance to be in line with national average.	86% attendance, a gap of 4% when compared to non-pupil premium students and 3% above national average for PP year 11 students nationally (FFT aspire)
<b>Ebacc entry</b>	Ensure the number of PP students following the Ebacc is above national average for PP students.	PP students studying the Ebacc:  2023 leavers- 33% of our PP students accessed the full Ebacc subject, compared to 30% PP nationally. Nationally, 39% of all students studied the EBacc.
<b>Other</b>	Improve parental engagement and involvement with the school.	Parental engagement over: <ul style="list-style-type: none"> <li>• Laptops</li> <li>• Food vouchers</li> <li>• Revision guides</li> </ul>

Aim	Target	Outcome
		<ul style="list-style-type: none"> <li>• Post 16 evenings</li> <li>• Year 11 information evening and parents evening.</li> </ul>

### Externally provided programmes 2023-2024

Programme	Provider
Coaching, mentoring and revision sessions	Gila Learning
My GCSE Science	My GCSE Science
Mathswatch	Mathswatch
Educake	Educake
Bedrock vocabulary	Bedrock vocabulary
Accelerated reader	Accelerated reader
PET-XI	PET-XI
Tassomai Science	Tassomai
Lexia	Lexia
Mathletics	Mathletics
STEM Tutoring	STEM Tutoring
