NEWSLETTER

February Edition 2026

Welcome to the latest edition of our newsletter, where we proudly celebrate the many opportunities, achievements, and moments of excellence across Icknield High School. This edition highlights students who have demonstrated exceptional academic progress and outstanding attitudes to learning. Their determination, focus, and resilience continue to inspire us, and we are incredibly proud of everything they have accomplished

We would also like to extend our congratulations to all students recognised through our celebration breakfast events. These occasions have become a wonderful part of school life, offering us the chance to acknowledge hard work, personal growth, and positive contributions to our school community. It has been especially heartening to see so many parents and carers joining us for these events. Your attendance, encouragement, and ongoing partnership with the school play a crucial role in supporting students' success both academically and personally.

We would like to take a moment to highlight just how crucial regular school attendance is to your child's success. Recent national research continues to show a clear and powerful link between attendance and academic achievement. For example, students with 95–100% attendance are up to 1.9 times more likely to achieve strong GCSE grades in English and Maths compared to those attending 90–95% of the time.

We know that sometimes absences are unavoidable, and we are committed to working with families to offer support where needed. However, every day in school truly counts. By ensuring your child attends regularly and on time, you are giving them the best possible foundation for academic success, personal development, and future wellbeing.

At Icknield High School, we expect all students to wear full school uniform every day as an essential part of our school identity and culture. Uniform helps to create a sense of belonging, promotes equality, and ensures that students can focus on their learning without distraction. We ask that students arrive each morning dressed smartly and in the correct items, including appropriate footwear, as outlined in our uniform policy. Wearing the correct uniform also reinforces the importance of self-discipline, responsibility, and pride in being part of our school community.

Where standards of uniform fall below our expectations, this will be addressed promptly and consistently. Students will be reminded of the correct requirements, and parents and carers will be contacted where necessary to ensure the issue is resolved. We expect families to work in partnership with the school to maintain high standards, as a consistent approach at home and in school helps reinforce the importance of responsibility, pride, and readiness for learning. By working together, we can ensure that all students present themselves appropriately and contribute positively to the school environment.

Thank you for your continued engagement and for working together with us to help every student thrive.

A message from
Bridget Phillipson

Excellent outcomes for disadvantaged pupils

Dear Kamran,

Congratulations to you and your team on the excellent outcomes the disadvantaged pupils at Icknield High School achieved at the end of the 2024/25 academic year. Your school's performance places it among the very best nationally, and this is a significant achievement.

This success reflects the dedication of your staff and the hard work of your pupils. It shows what can be achieved when ambition and commitment come together. Thank you for everything you do to give children the best possible opportunities to succeed.

Your school's achievements demonstrate what is possible, and I hope you will continue to share your experience and best practice with others. Even the strongest schools can go further. We encourage you to lead the way as a system leader - sharing effective practice, championing networks, supporting collaboration, and helping raise standards across the sector.

There are real opportunities available for you to support improvement for a wider group of pupils including through:

There are real opportunities available for you to support improvement for a wider group of pupils including through:

- engaging actively with your region's RISE networks and partnering with nearby schools and trusts;
- contributing to regional roundtables and professional communities to spread the approaches that are working in your context; and
- sustaining excellence by continuing to focus on disadvantaged pupils

Please pass on my thanks and congratulations to your staff and pupils. I look forward to working with you as we strive together to raise standards for all.

Yours sincerely,

Bridget Phillipson
Secretary of State for Education

Leadership

Meet Our Assistant Headteachers

Mr Chopra
Behaviour and Deputy Designated Safe Guarding Lead

As Assistant Headteacher and Deputy Designated Safeguarding Lead at Icknield High School, I serve as Behaviour Lead, Anti-Bullying Lead, and strategic lead for Personal Development, Tutor Time, and our Rewards and Sanctions framework. I line manage the Pastoral Leaders for Year 8 and Year 9, oversee Outreach and Alternative Provision so the right support is in place for every learner, and I also line manage Network Support while shaping the school's ICT strategy and infrastructure to ensure technology reliably enhances teaching and learning.

Everything we do is anchored in our CARES values: Celebrate, Aspire, Respect, Equality, Support, with a particular emphasis on Respect. This runs through our expectations, systems, and culture: *respect yourself, respect others, and respect the school*. In practice, that means a calm, purposeful climate; a Tutor Time programme that builds positive habits and character; and robust anti-bullying work that empowers students to be upstanders. Our rewards celebrate the right choices and contributions, while our sanctions are fair, consistent, and focused on learning and reflection always reinforcing respect for self, peers, staff, our environment, and the digital spaces we share.

Safeguarding and inclusion sit at the heart of my role. Working closely with families, external agencies, and our Pastoral team, I ensure we respond swiftly and effectively to need, removing barriers and tailoring pathways, including through high-quality Alternative Provision where appropriate. By supporting our Year 8 and Year 9 teams to deliver consistent pastoral care, and by aligning behaviour, personal development, and ICT use with our CARES values, we strengthen the safety net around each child and keep our ethos alive in everyday practice.

Above all, I am passionate about developing young people who are ready to thrive in society. School is not only about academic outcomes; it is also about nurturing good people with strong morals, social skills, resilience, drive, and confidence. When character and academic ability grow together, and when Respect is the thread that binds them, students leave Icknield with real choices and the belief that they can achieve whatever they set their minds to. That is something our whole community can truly *celebrate*.

Contact: Mr Chopra
Dchopra@icknield.beds.sch.uk

Leadership

Meet Our Assistant Headteachers

Mrs Pack
Teaching and Learning and School trips.

As Assistant Headteacher one of my main responsibilities is to ensure the delivery of high-quality teaching and learning in the classroom. This focus is core to our provision at Icknield High School, and it is that consistency of high quality learning every day which enables our students to achieve their best. Our well-planned sequences of lessons and high-quality classroom teaching enable our students to build their knowledge and skills over time.

I Teach Geography and also work closely with the Ethics, Visual Arts and PE department.

I am also responsible for ensuring high quality learning opportunities outside the classroom, whether through trips and visits beyond the school grounds or through workshops and events in school. Each opportunity provides a learning experience for our students and we are keen to see our learners taking part in a range of activities.

The Icknield vision to 'Raise the achievement of all' sits at the heart of all of learning opportunities, and it is great to see our students achieve their best throughout their time at Icknield.

Contact: Mrs Pack
rpack@icknield.beds.sch.uk

Celebration

A Strong Start to the New Sporting Season

This term has been another strong showcase of sporting commitment and achievement at Icknield High School. From braving tough conditions in cross country to reaching county-level success in basketball and badminton, our students have demonstrated skill, resilience and teamwork across every event. We are proud of their dedication and the growing sporting spirit across the school.

Cross country:

This year the Icknield department organised and hosted the Luton School cross country event at Stockwood park. We had 18 fantastic young leaders who braved the rain to help ensure the event ran smoothly. Furthermore the runners were brilliantly competing in very difficult conditions. Well done to all runners and a special mention to the 5 students who qualified for counties by finishing in the top 10 in their race.

Basketball:

Our u16 girls basketball team qualified for the county finals which took place at the John Bunyan centre in Bedford. The girls played tremendously well and qualified for the semi finals. Unfortunately this was the end of the journey as they suffered a narrow defeat to Castle Newham. Well done girls on a brilliant season.

Badminton:

Badminton is a popular sport at our school amongst the students and we entered all 6 badminton competitions in the town. Again some fantastic performances were shown from our students throughout the tournaments. Well done to all our players especially the year 11 boys who won their tournament and the year 9 girls who came second, meaning both qualified for the county competition taking place next month.

Handball:

The year 7 and 8 girls handball team finished 3rd in the Luton schools tournament held at Chalk hills. The girls worked incredibly hard and produced scored some fantastic goals.

Celebration

Celebrating 100% Attendance

At Icknield High School, we are incredibly proud to celebrate the students who have achieved 100% attendance since September. Their commitment, punctuality, and dedication set a shining example for the entire school community. Maintaining full attendance is no small accomplishment, and each of these students should be truly proud of their consistency and hard work. Attendance is one of the most important foundations of academic success. When students are present every day, they not only keep up with learning but also build strong routines, deepen relationships, and take full advantage of the opportunities school provides. Good attendance supports progress, wellbeing, and future aspirations showing that turning up really is the first step to achieving your best. To all the students who have maintained 100% attendance: congratulations on this fantastic achievement. Your determination reflects your positive attitude and commitment to success. We encourage all students to continue striving for excellent attendance as we move forward through the year.

Celebrating Our Significantly High Achievers!

We are incredibly proud to celebrate our Significantly High Achievers, a remarkable group of learners who are truly excelling across the curriculum. These students are achieving over 10% above similar students nationally in six or more subjects, a standout accomplishment that reflects not just their talent, but also their resilience, determination, and commitment to learning. Their achievement shows a consistent pattern of high performance across a wide range of subjects—demonstrating not only academic strength, but also exceptional effort and ambition. Keep aiming high and continue to make us proud.

Book Mark Competition Winners Announced!

Before the Christmas break, our LRC launched an exciting Book Mark Competition that received an overwhelming number of creative entries from students across the school. The response was fantastic, and the LRC was buzzing with enthusiasm as students showcased their artistic talents.

We are delighted to announce this year's winners:1st Prize:
Inaaya (BAS) – £10 Amazon voucher, A4 sketchbook, and pastel crayons
2nd Prize: Ayeza (YBS) – A4 sketchbook and pastel crayons
3rd Prize: Maliha (BAS) – A4 sketchbook and crayons

A huge well done to our winners and to every student who took part. Your creativity and effort made this competition a great success.

Rewards Breakfast

This week, we were delighted to host our Rewards Breakfast, recognising students who have demonstrated excellent progress and strong attendance throughout the term.

We are incredibly proud of all those who attended and look forward to seeing even more students at future reward events as they continue to embody our CARES values. Well done to all our deserving students!

Celebration

We congratulate all certificate recipients on this well-deserved recognition and hope their success will inspire others to enjoy the challenge and excitement that mathematics brings.
Here is a question from this year's paper for you to try at home:

The Junior Mathematical Challenge will take place on the 26th of April 2018 for Year 7 and 8.

Intermediate UK Mathematical Challenge 2026

We are proud to celebrate the achievements of our students who earned a Certificate in the Intermediate UKMT Maths Challenge. This national competition is designed to stretch and inspire young mathematicians, rewarding logical reasoning, precision, and creative problem-solving. Achieving a certificate is a significant accomplishment, reflecting not only strong mathematical ability but also resilience and determination. The Challenge goes beyond routine calculations, requiring students to think critically and approach unfamiliar problems with confidence under timed conditions. Our students rose to this challenge admirably.

These certificates recognise both commitment and perseverance. Through preparation, focus, and a willingness to embrace difficult questions, our students demonstrated maturity and intellectual curiosity. Their success highlights the positive learning culture within our school and the enthusiasm with which they approach academic opportunities.

Aspiration

Brilliant Club Scholars Programme Launch

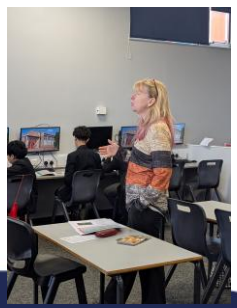

We are delighted to announce the launch of The Brilliant Club's Scholars Programme, an exciting initiative aimed at raising academic aspirations and supporting students in developing the skills needed for future university success.

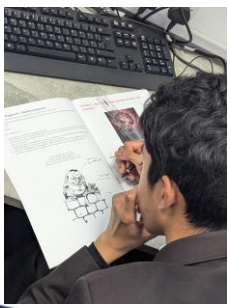

As part of this year's programme, we proudly welcomed Kelly, our academic mentor, who will be working closely with a selected group of our Red Ties. Over the coming weeks, Kelly will guide students through a university-style research project focused on creative writing within the horror-comedy genre, providing them with opportunities to think critically, explore new writing techniques, and produce high-quality academic work.

This launch marks the beginning of an inspiring academic journey for our students. Through the Scholars Programme, participants will gain confidence, develop advanced literacy and analytical skills, and experience a taste of higher-education learning. We look forward to celebrating their achievements as they progress through this enriching experience.

Year 11 Assembly with Bedford College Group

Resuming our post-16 assemblies in the new year, our Year 11 students had the chance to meet with Bedford College Group, who delivered an informative assembly highlighting the wide range of academic and vocational options across their sixth form & colleges. Students gained valuable insight into T Levels, apprenticeship pathways and also their exciting motor sports college.

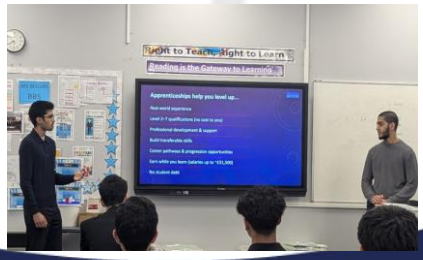

Year 11 Alumni Talk – Computer Science and Apprenticeships

It was a pleasure to welcome back our alumni Ishaaq & Khushal, who delivered an apprenticeship talk to our Year 11 computer science students. Giving insight into degree apprenticeships, our ex-Red Ties shared their inspiring journey into their tech careers at Amazon & Capgemini. They also gave advice on how students can prepare for their post-16 transition and encouraged them to research and explore their options.

Aspiration

Are You Mad? - Year 10 DT/Careers Sustainability Workshop

A group of our Year 10 DT students had the opportunity to collaborate with Are You Mad, a creative studio who has partnered with brands like Nike, The North Face and Schuh to turn plastic waste into functional products. In a fun & engaging workshop, students learnt about this inspiring motivation behind the company and explored the importance of sustainability. Students also had the chance to recycle and create their own items out of plastic waste, making combs, carabiners and spinning tops.

"During the workshop, we learned about how used plastic can be recycled and repurposed. We identified different types of plastic by using a plastic identifier or by looking at the recycling symbol. After identifying the plastic, we sorted it, shredded it, and melted it down. The melted plastic was then injected into a mould to create new objects such as a spinner and a comb. The workshop leaders also showed us many other materials that can be repurposed. This helped us understand the importance of recycling and how it can be used to reduce waste and create useful new products."
Aadil, Green Tie

Year 11 Assembly with Cedars Sixth Form

Cedars Sixth Form delivered a brilliant assembly to our Year 11s, showcasing their range of academic and enrichment opportunities from trips abroad to their football academy. They highlighted their Oxbridge programme, which has supported many students into Russell Group universities, an excellent choice for ambitious learners.

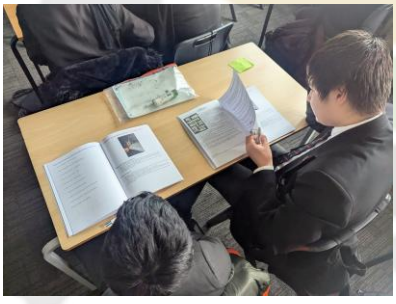

Red Ties Shine in the Scholars Programme

Our Red Ties continue to excel in their Scholars Programme, where they are exploring how fear and monsters are portrayed across media and literature. Students are also delving into the craft of comedy writing, broadening their analytical skills while engaging creatively with challenging themes. Their commitment and focus are truly commendable

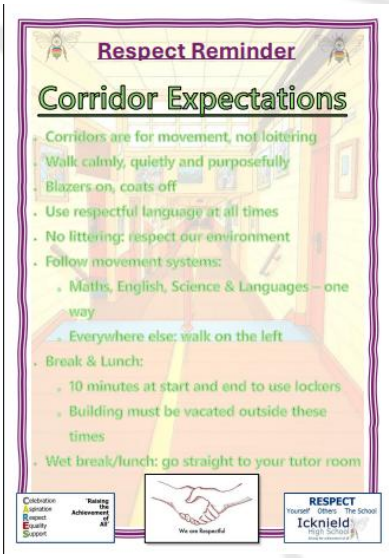

Respect

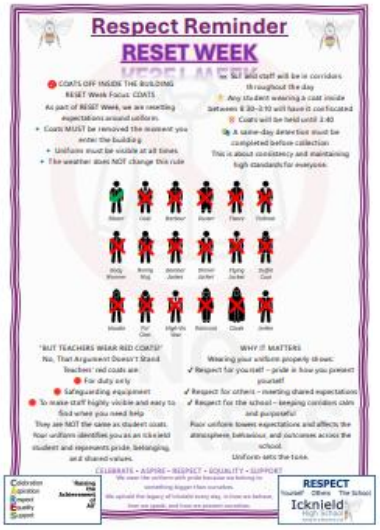

Respect Reminders from Mr Chopra

We continue with Mr Chopra, our Assistant Headteacher, respect reminders to ensure a successful and supportive school community. We encourage parents to take a moment to discuss these reminders with their children, reinforcing the importance of respect both in and out of school. **Parental Reminder:** For student safety, **no cars should be brought into the school car park** unless prior permission has been granted. Thank you for helping us keep our school environment safe. By working together, we can ensure that respect continues to guide everything we do at Icknield High

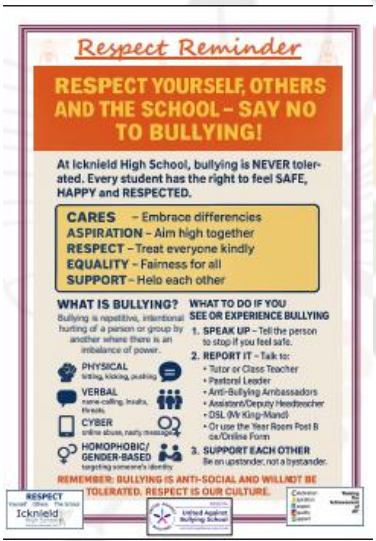

Equality

Climate Change Summit: Inspiring Year 8s to shape a Greener Future

Last week, a group of enthusiastic Year 8 students proudly represented our school at the KS3 Climate Change Summit an exciting event bringing together schools, researchers and STEM employers for a powerful day of learning and action.

Throughout the summit, students immersed themselves in a wide range of thought-provoking talks, hands-on exhibitions and interactive workshops. These sessions explored the real and growing impact of climate change, showcased innovative climate-friendly technologies, and highlighted the role each of us can play in building a more sustainable future.

Our students were particularly inspired by meeting STEM professionals who are leading research into renewable energy, conservation and climate solutions. Their passion and expertise sparked meaningful discussions and helped students understand how their own interests and future careers could contribute to positive environmental change. Beyond learning, the summit encouraged pupils to think creatively about solutions from reducing waste in schools to supporting local biodiversity projects. The energy, curiosity and maturity shown by our Year 8s made us incredibly proud; they returned full of ideas and motivation to make a difference within our community.

Future Chefs in the Making

Another very successful rotation for the Food & Technology department. The Food & Technology department have been very busy helping our KS3 classes cook and bake a wide range of food since the start of September. As we now come close to the end of the rotation, we would love to celebrate all the hard work, time and dedication Miss Kambewu, Mrs Uddin & Miss Miller have put in to helping all student achieve such amazing work.

All KS3 students have worked very hard to make their dishes/food and should be very proud. We look forward to doing this all again for the second rotation!

Well done everyone!
Mr B Gunduz

THE HYGIENE BANK

ABOUT US

Hello! We are the Hygiene Bank project covering St Albans, Harpenden and Luton. Since 2019 we have been tackling hygiene poverty by giving local people living in poverty access to hygiene basics; the everyday toiletries many of us take for granted. Through the power of volunteers and the generosity of the public we have distributed over 111 tonnes of toiletries.

WHAT IS HYGIENE POVERTY?

Imagine not having access to your own toothbrush, having no period products or shampoo. Hygiene poverty is having to choose between heating your home, paying the rent, eating or being clean and being clean is so incredibly essential to both mental and physical wellbeing, getting and retaining a job, not being bullied, participating fully in school and all that life has to offer.

HOW WE WORK

STEP 1
Toiletries are donated by the public at our local drop off points.

STEP 2
Volunteers collect and sort the toiletries

STEP 3
The toiletries are distributed via to local charities and schools to local individuals and families living in hygiene poverty.

WHAT TO DONATE

- Soap & Shower gel
- Deodorant
- Shampoo
- Toothpaste & Toothbrushes
- Period Products
- Laundry and household cleaning

IF YOU USE IT, WE CAN USE IT

NEW AND UNUSED PRODUCTS ONLY PLEASE !!
